

## **X-Series Skimmers** ***THE MID-LEVEL LINE***

### **I. Product Description**

The successor to the 3rd Generation of the ESHOPPS PSK-Series, the MID-LEVEL LINE of AXIUM Skimmers continues to redefine simplicity. Switching to an internal pump design allows for a smaller footprint. The new AXIUM Skimmers are equipped with new features such as the new water level adjustable baffle, silencer, quick release pump lock, and a complete redesign of the skimmer body. Guaranteed to grab the attention of many hobbyists is its eye-catching new royal-like purple color scheme.

### **II. Axiom Skimmer Features**

- a. Independent Water & Air Ratio Adjustment from Silencer**
  - i. Easy tuning for precise Skimming
- b. Transparent Venturi**
  - i. Transparent Venturi to see any calcium build up and allow for easier maintenance
- c. Ultra Quiet Performance**
  - i. Utilizing the industry's favorite pump, Sicce, to maintain the quietness, while maximizing the performance
- d. Unique Reaction Chamber**
  - i. High volume reaction chamber in a compact design
- e. Adjustable Water Level Baffle**
  - i. For fine tuning
